MEMORANDUM

TO: Mayor and City Council
THROUGH: Andrew Ching, City Manager
FROM: Marge Zylla, Government Relations Officer
DATE: March 10, 2023
SUBJECT: State and Federal Update & Grant Opportunities

Below are summaries of recent actions and announcements at the state and federal level:

- State Legislative Update

Please let me know if there are follow-up questions for Tempe's federal lobbyist. Also, please let me know if Tempe staff members are pursuing federal grants so we can arrange for letters of support from our Congressional delegation.

State Legislative Update

Today is the 61st day of the 2023 state legislative session and 1,626 bills have been introduced. Of the 18 bills that have passed, 16 have been vetoed and 2 have been signed into law. The last date for House consideration of Senate bills and Senate consideration of House bills is 3/24/23. The bills of interest to Tempe will be added to lists (described below). Bills of significant interest will be highlighted in memo summaries as the proposals are amended in the legislative process.

Bill Lists

Staff is analyzing legislative proposals as they become available. The lists will be adjusted to reflect the latest available information. Bills that have failed to meet deadlines or have not received sufficient votes will be noted as “Dead”.

The tracking list that follows this memo includes the summaries of bills that may be of interest to Tempe. These lists are not exhaustive, and as more analysis is done, comments will be included. Readers can use the search/find tool (keyboard shortcut: press “Ctrl” and the “F” key) to search for terms of interest, like “fireworks”, “rentals”, “zoning”, “safety”, etc. Readers can also search the list by department to quickly be brought to the header under which there is a sublist of bills that may impact a specific area of city operations, for example: “Community Development” or “FMR”.

In addition to the bills on the tracking list, the city will also be monitoring for proposals in areas including the following:

- Affordable Housing
 - As noted in earlier Weekly Information Packet memos, Mayor Woods submitted a list of legislative solutions for consideration in his role as a member of the statewide legislative housing supply study committee. The city will be monitoring and analyzing housing proposals throughout the session and aim to see the solutions shared by Mayor Woods become bill proposals. Unfortunately, of the bills that include these provisions, none have been scheduled for a hearing as of this writing.
- Fireworks
- Liability Issues
- Local Zoning Issues
 - The city opposes the strike-everything amendment on SB 1117, which includes preemption language that would upend the city’s voter-approved General Plan and aim to remove transparency and public access from planning activities. The bill also does not include any language that advances policies for guaranteed affordable housing.
 - Mayor Woods testified against the bill in the committee (video at [this link](#)), noting that this proposal would have the result of blocking affordable housing developers from building needed guaranteed affordable housing in the city.
 - An earlier memo included a one-page visual of the average lot size in every US state. It provides an illustration that Arizona is one of the smallest average lot sizes—the 48th smallest.
- Proposition 400 Extension Authorization
 - As of this writing, there are a number of proposals that have been introduced on the topic of the extension of the Proposition 400 regional half-cent tax that supports transportation projects and programs in Maricopa County.
 - The city currently opposes the strike-everything amendment on HB 1246, which has funding allocations that do not reflect the unanimously approved regional plan. However, the other components of the bill mirror the needed language, so this bill could be favorable if the allocation proportions are updated. This bill was not ultimately voted on in committee this week.
 - The city supports HB 2527, which reflects the regional transportation plan which was unanimously approved by the elected representatives serving on the Maricopa Association of Governments, including Mayor Woods. This bill is dead.

- The city currently opposes the strike-everything amendment on HB 2031, which has funding allocations that do not reflect the unanimously approved regional plan. However, the other components of the bill mirror the needed language, so this bill could be favorable if the allocation proportions are updated. This bill was not ultimately voted on in committee. This bill is dead.
 - The city opposed SB 1122, which does not reflect the unanimously approved regional transportation plan. A previous memo included a summary of the bill from Valley Metro, the region's transit agency of which the City of Tempe is a member. Vice Mayor Jennifer Adams represents Tempe on the Valley Metro Boards. This bill failed.
 - SB 1505 has favorable language but has not met the deadline to be heard in its chamber of origin.
- Short Term Rentals
 - There are a number of introduced bills and referenda regarding short-term rentals this session. Some of these proposals would remove the state preemption on local regulations of short-term rentals, which the city would support. To date, these proposals have not been scheduled for hearings.
- Taxation Proposals
 - The city opposes the tax break proposals for entities that are in the businesses of residential rentals and for businesses that sell food for home consumption, which have been introduced as HB 2067/SB 1184 and HB 2061/HB 1063/HB 1089, respectively.
 - This would result in a combined revenue loss to the city of over \$26 million annually, and would give a tax break to specific interests that would exclude them from contributing to the transaction privilege taxes that are remitted by other companies doing business in the city. These revenues fund programs, capital investments, infrastructure projects, public safety, and services including affordable housing construction and rental assistance.
 - HB 2067, SB 1184, HB 2061, and SB 1063 passed out of their respective initial committees on party line votes.
 - SB 1184 passed out of the Legislature and the city urged a veto. The Governor vetoed SB 1184 on 2/23/23. Governor's Office press release is at [this link](#) and the veto letter is linked [here](#).
 - Fiscal notes are available (and linked) on the following: [HB 2067](#), [SB 1184](#), [HB 2061](#), [SB 1063](#).
 - The League of AZ Cities and Towns has distributed materials noting the issues with these bills and those documents were attached to earlier memos.
 - Tweet with the video illustrating the important revenue streams is at [this link](#).
- Tobacco/Vaping
- Water Policy

The city's framework for responses to legislative proposals is the Council supported Tempe State Legislative Principles, which are available at [this link](#).

Unfortunately, the language does not include policies that would advance guaranteed affordable housing. HB2061 - Food; municipal tax; exemption.

Applies to tax periods on or after the first day of the month following the general effective date.

Comment: Oppose. The loss to the city budget, if businesses would no longer be remitting food tax, is \$10 million annually. Having a broad tax base to support necessary services for people in Tempe is prudent policy. The city has many visitors for special events and for regular events—Tempe's daytime population nearly doubles as we have workers, students, tourists and others visit the city. This broad tax based on many sources allows the city to provide the proportional services needed for the influx of people.

HB2067 - Residential leases; municipal tax exemption

Summary: Beginning January 1, 2024, municipalities and other taxing jurisdictions are prohibited from levying a transaction privilege, sales, use or other similar fee on the business of renting or leasing real property for residential purposes. Does not apply to health care facilities, long-term care facilities, hotels, motels, or other transient lodging businesses. By January 1, 2024, the owner of real property that is rented or leased for residential purposes and the located in a municipality or other taxing jurisdiction that levies such a tax is required to reduce the amount of rent due by an amount equal to the difference caused by the elimination of the tax as provided in this legislation. Contains a legislative intent section. Applies to tax periods beginning January 1, 2024.

Comment: Oppose. The removal of this business tax from one type of business does not include any guarantees of affordable housing and reduces revenues that are a tool to enhance the city's work to create sustained affordable housing for Tempe residents. Tempe's rate is 1.8%. The loss to the city budget, if corporations that are in the business of residential rental stop remitting their tax, is \$16 million annually. The city would like to continue the conversation about affordable housing policies at the state level—and continue the local programs that actually address affordability, like Hometown for All, the Tempe Public Housing Authority, and leveraging federal funding. Unfortunately, this business tax break proposal would not advance affordability goals, it would reduce city revenues—revenues that the city uses to advance programs that actually contribute to guaranteed affordable units.

Some exceptions. By January 1, 2024, the landlord of real property that is rented leased for residential purposes and that is located in a municipality or other taxing jurisdiction that levies a transaction privilege tax on the business of renting or leasing residential property would have been required to reduce the amount of rent due by an amount equal to the difference caused by the elimination of the transaction privilege tax on the business of renting or leasing residential property. All municipalities would have been required to use monies paid from revenues collected from a remote seller in the retail transaction privilege tax classification and paid to the municipality as state shared revenue for public safety before any other municipal purpose. Would have applied to tax periods beginning January 1, 2024 and after. AS VETOED BY GOVERNOR. Mill Avenue Median Dividers

The Engineering & Transportation Department recently completed a landscape refresh of the key gateway site on Mill Avenue entering the downtown. The refresh features native plants, green stormwater infrastructure features including bioswales and curb cuts, and new lighting. The project supports placemaking on Mill Avenue to provide a Sonoran Desert experience to residents and visitors. The landscape refresh also improves sightlines and visibility to improve public safety. This project is aligned with the upcoming Resilient Tempe Master Plan to develop landscapes in Tempe that provide shade and biodiversity while reducing water use and honoring the Sonoran Desert. The Right of Way Maintenance team recently made similar upgrades to Rio Salado Pkwy and will continue to partner with our Urban Forester Richard Adkins and the Sustainability and Resilience Office to make similar investments throughout the city.

Strategic Priority #3 – Quality of Life,
Performance Measures 3.16 and 3.17

Making Space, the Equity Study for City of Tempe Parks and Recreation, is well underway. This study builds upon the guiding principles of the 2021 updated Parks and Recreation Master Plan and will provide an inclusive, resilient, strategic, and sustainable comprehensive matrix to guide park system infrastructure investment and recreational program development for the next decade.

The study has included a comprehensive and robust community outreach process that focuses on communities and areas of the city with fewer resources and less participation in overall city processes.

MILESTONES

Community Focus Groups (Oct. 2022) Five (5) stakeholder meetings focused on Outdoor Recreation & Park Activities, Indoor Recreation & Programming, Diversifying Sports & Athletic Facilities, Representation & Identity in Community Events and Supporting positive Experiences in Park Spaces.

TAC Meetings (Nov. 2022 and Jan. 2023) Technical Advisory Committee comprised of key experts from across the City help to direct and refine the goals, direction, and findings for the study including metrics for GIS analysis and mapping, performance metrics, and methodologies for outreach.

Community Navigator Program (Dec. 2022 – Mar. 2023) Ten (10) Community Navigators assisted with data collection, public outreach, and focused neighborhood engagement. Community Navigators were selected based on their experience representing or providing service to underserved demographic groups (communities of color; non-English language speakers; indigenous community members; immigrants and/or refugees; LGBTQIA+; homeless and/or unsheltered, low-income, impacted by disabling condition, formerly incarcerated or family member of incarcerated, domestic abuse survivors, youth, or older adults), whose perspective is prioritized for this study.

MAKING SPACE—EQUITY STUDY MILESTONES (con't)

Community Forum (Jan. 2023) Community Forum led by Design Workshop and AHA Alliance, featuring speakers from the City of Austin and designed to inform and inspire participants to assist with the study.

Park and Facility Assessments and Community Pop-ups (Jan.- Feb. 2023) Design Workshop and AHA Alliance conducted onsite training and orientation for community navigators and staff as we kicked off park and facilities assessments. During their visit we also conducted informal community surveys during the Unity Walk and Arts in the Parks.

Employee Focus Groups (Feb.- Mar. 2023) Erica Maxwell of AHA Alliance conducted fifteen (15) employee focus groups for Parks and Recreation staff, comprised of Benefited Employees (3 opportunities), Managers/Supervisors (4 opportunities), and contracted, seasonal or temporary employees (8 opportunities). Discussions focused on hiring, recruitment, and retention of staff as well as staff and community culture.

WHAT'S NEXT?

We are moving into comprehensive community outreach in April as we draft initial analyses and findings.

A total of 115 students presented work in a variety of media including photography, painting, drawing, graphic design and ceramics. The exhibition is made possible by nineteen dedicated teachers who have worked tirelessly to mentor and inspire students.

This year, students received a custom-designed pin commemorating their involvement. In its 50th year, Community Arts collaborated with the Gallery at TCA to debut this exhibition at Tempe Center for the Arts. In previous years, it was held at the Tempe Public Library and Tempe History Museum. Students from all six TUHSD schools participated.

The exhibition is a testament to the diversity of creativity going on in our community, and its placement at TCA serves as a reminder and inspiration to young students that real pathways are available to make a career as a professional artist in Tempe.

Catch the exhibition in the Lakeside room through March 21. Hours are available at tempe.gov/Art6.
