

Public Works

Common causes for utility bill increases:

- changes to watering schedule
- running toilet
- pool leak
- landscape valve leak

The WaterSmart Portal is free and can help you track your usage and detect leaks: tempe.gov/WaterSmart

IF YOU RECEIVED A HIGHER THAN EXPECTED UTILITY BILL, USE THE WATERSMART CUSTOMER PORTAL TO FIND OUT WHY.

On the portal, customers can:

- evaluate recent utility bills
- check for continuous usage that may be related to leaks
- identify increases in water usage
- sign up for leak and elevated bill alerts
- track hourly, daily and monthly water usage

Need help?

Tempe Water Conservation is available to answer your water efficiency questions or to schedule a free water consultation. Contact the team at 480-350-8351 or conservation@tempe.gov.

For billing questions, contact Customer Services at 480-350-8361 or customerservices@tempe.gov.
