# COMMENTS

***“It would be nice to have a separate section for babies and older kids”***

***“Please strongly evaluate the ruggedness of the features installed. The new playground at Kiwanis sustained damage to play items within the first few months of being open.”***

***“Thank you for your continued efforts to make Tempe a wonderful place for families to live. We are so excited about this new project and cannot wait to bring our growing family for years to come!”***

***“Please add shaded picnic area.”***

***“We go to Kiwanis park weekly, and even use the little path put in last year connecting the park out to rural road. We have a toddler son, and I’m excited for this to be something he can use for the next several years!”***

***“I am so excited to have water features coming to our neighborhood”***

***“A separate toddler area with no interactive water guns. It seems like most splash pad areas are overrun by big kids using these and it becomes a no-fun place for toddlers.”***

***“Shade is the number one priority. Its difficult to enjoy any outdoor park in the summer when there is no shade.”***
