Residential Home Painting Program

The City of Tempe has negotiated with a vetted, locally-based company to provide painting services for the exteriors of your home at competitive prices. As part of this contract, Tempe residents may receive a free consultation and cost estimate for the work being considered.

Rates may vary depending on the size of the home, the number of windows, and the current paint condition. The negotiated rates are generally much lower due to the quantity of projects included in the program. The city's procurement process ensures that the contractor is licensed, insured and bonded.
